This information helps us know how many kindergarteners we will have in the fall and also find out a little bit of information for each child.

If you are unsure which school your child will attend, you can go to <http://bit.ly/2FfWy1K>. Under the search area on the left hand side, type in your street address and zip code; then choose Kindergarten as the grade level from the drop down, and click the *Search* bar. You will see the elementary school where your child should attend.

Schools will reach out to you by early summer to provide more information if you have completed the form.
