SCHOOL CANCELLATIONS AND DELAY SCHEDULES

It may become necessary to cancel school or delay its starting time because of inclement weather, which may pose a health and safety factor for our students traveling to and from school. The Superintendent or his designee will determine the cancellation or delay schedule and will have it announced in the following ways: The Wawascene <http://wawasee.blogspot.com>; <http://wawasee.k12.in.us>. Radio: WRSW (1480 AM/107.3 FM) and WAWC (Willie 103.5 FM); Television: WANE (15), WPTA (21), WSBT (22), and WNDU (16).

Because of a change in Indiana State Law, school cancellation due to inclement weather will result in days being made up. Make up days will be done according to the corporation calendar. Check local newspapers and bulletins for exact days.

ACADEMIC HALL OF FAME

All students who have a 10.0 G.P.A. or above at the completion of the eleventh trimester at Wawasee High School are qualified for the Academic Hall of Fame.

The Academic Hall of Fame is located on the north brick wall of the Auditorium surge area and continues down the hallway past the main office. All the students inducted into the Hall of Fame from the 1986-87 school year and into the future will have their classes; group photographs of the academic award winners displayed. Previous graduating students that are qualified have their names engraved on the Academic Hall of Fame Plaque and displayed.

All Academic Hall of Fame inductees receive a special award from Wawasee High School to honor them for their outstanding accomplishments. They also may choose a teacher to honor at the Awards Program.

ASSEMBLIES/CONVOCATIONS

There are times when the entire student body is invited to an all-school assembly. These will be held on the West Side of the Spectator Gym. The seniors should sit on the North end of the downstairs section. The juniors should sit on the South end of the downstairs section. Sophomores should sit on the North end of the balcony and the freshmen should sit on the South end of the balcony. Teachers assigned to a particular class should sit in the same section as the students.

ATTENDANCE

ATTENDANCE POLICY/PROCEDURES

Adopted June 2010

Student attendance at school is a prerequisite for learning. Significant sacrifice is made by taxpayers of the school district to provide an outstanding educational opportunity for students. The teacher's effectiveness in providing instruction cannot occur for students who are not present. In effect, school does not happen for students unless they are at school and in class. Knowledge is gained by being present in a class. Additionally, prospective employers consider school attendance as a factor in successful employment. Opportunities for rewarding good attendance will be developed through the school year.

In recent years, the accreditation of schools has come to include student attendance rates.

At the fifth absence from any single class period, credit for classes will be reviewed. Excessive absences may result in loss of credit for the class for the trimester. Parents and students should carefully review all the attendance regulations and procedures listed in the handbook. NEOLA Policy states that if a student accumulates five (5) days of absence in a trimester or five (5) days in a six-weeks course, or if any one day is a truancy and a majority of the absences are unexcused, the student's attendance record will be reviewed. The student may BE WITHDRAWN FROM THE COURSE, MAY LOSE CREDIT IN THE COURSE, AND/OR MAY RECEIVE AN

INCOMPLETE FOR THE TRIMESTER. The student and parent may then elect for the student to either:

- a. Remain and participate without credit in order to gain necessary knowledge to advance to the next trimester/level or
- b. Transfer to a study hall the remainder of the semester. School-sponsored field trips do not count as an absence. Flexibility in extreme cases exists at the prerogative of the administration.

PROCEDURES FOR REPORTING AN ABSENCE

Parents are responsible for reporting their child absent per the Indiana Compulsory Attendance Law. The school is responsible to see that such reports are valid so that students are treated fairly as the attendance policy is administered.

1. Parents are required to call/email the school attendance office by 10:00 a.m. to report their child's absence for that day. Please provide a good contact number where he/she can be reached later in the day if verification by the Assistant Principal is desired. Parents can email an absence and/or scan doctor notes to: lsalerno@wawasee.k12.in.us.
2. If the attendance office does not receive a call/email regarding the absence within 24 hours, the student will be marked Truant.
3. The Attendance office will be making follow-up calls whenever necessary to verify the parent's knowledge of the student's absence.
4. Note that this policy is being reviewed continuously, and revisions may be made during the school year. These changes will be taken through the proper process of review and approval. Students and parents will be properly notified.

UNEXCUSED ABSENCES

1. Emergency at home. (ex: car trouble) Court appearances not required. Personal business.
2. Unapproved family vacation trips Truancy/Unverified Absences.
3. All other absences not listed as excused.
4. Absences the last five days of a trimester.
5. Teachers may choose not to allow students to make up work when the absence is unexcused.

EXCUSED ABSENCES

1. Extended absences due to injury or chronic illness will be considered individually. A medical statement from a medical doctor must be provided after each absence. Parents are requested to inform school officials in such cases.
2. Personal illness not under doctor's care
3. Death/funeral of members of the immediate family - Any relative who at the time of death is living as a member of the household of the student.
4. School sponsored/authorized activity.
5. Required court appearances.
6. Absences due to serving as a legislative page, an election poll worker, or honoree of the General Assembly.
7. Religious holidays.
8. Military examinations.
9. College visitations.
10. Driver's Test
11. In school or out of school suspensions.
12. Family approved vacations.
13. Any other absence with extenuating circumstances will be reviewed and determined by the administration.

After they return, students are allowed a number of days equal to the number of days they were absent plus one to submit work assigned during the absence. Work due on the first day of absence is due the day returning to school.

ATTENDANCE PROBLEM AREAS

I. Excessive Absence

When a student reaches a total of ten (10) days of absence for any reason during the school year, all subsequent absences must be documented by one of the following:

- A. Verification by an Indiana licensed medical professional who has examined the student and excused he/she for the period of absence.***
- B. A WHS Chronic Illness Form (available in the school clinic or office).***
- C. Pre-approval or verification by the school principal for extreme emergencies.***

2. Truancy - The following will be considered truancy:

Definition

- 1. Absence from school/class without the permission of the school and/or parent.
- 2. Leaving school without permission of an administrator or designee.
- 3. Absence from class, or an assigned activity, without a pass from a teacher, nurse, administrator, or designee.
- 4. Any absence that is not verified.

A. Consequences for Truancy:

Teachers may choose not to allow students to make up work for the days of truancy. Students identified by the attendance office as being truant will be assigned consequences in the following manner:

- 1. First Truancy/Second Truancy - Notification by the Assistant Principal to parents; First truancy - an assignment of one day ISS; Second truancy - an assignment of one day ISS.
- 2. Third Truancy - Suspension from classes for one (1) day, out of school suspension, which will be assigned by the Assistant Principal, and notice may be sent to the Kosciusko County Juvenile Office/ Prosecutor's Office.
- 3. Fourth Truancy - Out of school suspension and possible recommendation for expulsion.
- 4. In addition, the school will file with the State of Indiana a request that the driver's license or learner's permit for the operation of a motor vehicle be suspended if student becomes, by definition, a "habitual truant." Per Indiana statute IC 20-33-2-11 and Board Policy 9.73, "habitual truant" in Wawasee Community School Corporation means the following:
The term "habitual truant" is hereby defined as a student who willfully refuses to attend school in defiance of parental authority in any one of the following circumstances:
 - a. Absence for 2 days in any period of 10 school days
 - b. Absence for 2 days in a trimester.
 - c. Absence for 3 days in any two-trimester period; or
 - d. Absence for 5 days in a period of three or more trimesters.

A student who is expelled for habitual truancy will not be issued an operator's license or learner's permit until age 18 or until he/she is a student in good standing in the school.

The statute permitting this suspension of driving privileges was enacted to cause students to attend school regularly.

1. Work permit revocation.

Per state statute and school rules covered elsewhere in this document. Work permits may be revoked for the following:

- a) An employment certificate may be denied a minor whose school attendance is not in good standing or whose academic performance does not meet the school corporation's standards.
- b) Once issued, an employment certificate may be revoked by the issuing school, if there occurs a significant decrease in the Minor's grade point average or school attendance.

LEAVING SCHOOL EARLY

During the school day, students are not to leave the school grounds without prior approval of a principal or designee. Those students who need to leave the school grounds for reasons known in advance of the school day must have a parent/guardian call/email before they will be permitted to leave.

Among these requests would be included:

- 1. Medical appointments

2. Funerals

This would be listed on the day's attendance sheet, an exit pass issued to the student, and they need to sign out in the attendance office. No student will be permitted to leave school without approval of one of the principals or designee (example: student becoming ill during the school day). If a student becomes ill, they need to report to the clinic and be evaluated by the school nurse. If approval is granted, the student will sign out in the attendance office. Failure to follow this procedure will be considered an act of truancy.

PERFECT ATTENDANCE

Perfect attendance is a student who has attended 100% of each class. That is, the student has not missed a single class period.

TARDINESS

Students are expected to be in class on time. A student is tardy to class when the bell has rung and the student is not at their assigned learning station. All tardies beginning with the third each trimester and all succeeding tardies are excessive tardies; the student shall be given detention and parent(s) notified for the third and fourth tardies; classroom suspension and parents(s) notified on the fifth tardy; ISS on the sixth tardy; the seventh tardy shall become an OSS assignment with possible expulsion. When a student arrives 30 minutes or longer after the bell rings to begin class, he/she will be counted absent for that period. Students arriving to school 30 minutes late or more, need to have a parent/guardian notify the school of the absence.

VACATION POLICY (FAMILY) NEOLA Policy

It is the policy of Wawasee Community School Corporation that students should take vacations during non- school time. However, it is understood that sometimes family vacations for parents and children can be scheduled only during school time. In such cases, students may spend up to five days in a school year on vacation with their parent or legal guardian permission. Such absence will be excused but the work must be completed per procedures established by the school. Excused absences for vacation may not be taken in more than two segments. Further, if a student's attendance is below 95% for the school year prior to the vacation request, such request may be denied by the Assistant Principal. Vacation requests will not be excused for the last five days of a trimester.

Requests must be made five days prior to the intended dates of vacation.

BAG POLICY

In past years there has been an increasing concern with the amount of space taken during the school day in the classrooms and hallways with bags. This does cause a disruption to instructional time and space. Wawasee High School has a 5-minute passing period between classes. This amount of time allows students to return to lockers to pick up and exchange books and materials needed for class. Due to the amount of passing time, students at Wawasee High School are not to take any bags to classrooms/lunch and are to use their lockers for storage of such items.

CAFETERIA REGULATIONS

1. Moving ahead of other students in the lunch line is unacceptable behavior.
2. Students should have their school ID Card ready for scanning in their hand before reaching the cashier.
3. No charging is allowed. Students will be refused.
4. Throwing food, paper, or other items in the lunchroom is forbidden.
5. Shouting, cheering, singing songs, or congratulations are better reserved for the gymnasium or elsewhere outside the school building.
6. Students are to remove all material they have placed on tables before leaving the lunchroom. Trays, dishes, and utensils are to be taken to the window at the end of the lunchroom. All food must be eaten in the cafeteria.
7. No student may enter the academic area of the building.
8. Fast food deliveries to school are not permitted during the school day.
9. Wawasee High School cafeteria lunches are self-serve in both the reimbursable lunch line and in the a la carte line.

CHARGES BY A STUDENT

Where a student or his/her parent believes that the student is being improperly denied participation in any educational function of the school corporation or is being subjected to an illegal rule or standard, as provided by the statutes of the State of Indiana or applicable statute of the United States, or by the Constitution of the state of Indiana or of the United States, he/she shall, if unable to work out his/her problems with members of the administrative staff, be entitled to initiate a hearing by filing a charge with the Superintendent. A hearing officer will be assigned by the Superintendent. If the resulting decision is not partially or wholly acceptable, a student or his/her parent may, through written request, appeal the decision to the governing body, the School Board.

CHILD ABUSE

All public employees are required to report suspected child physical and/or sexual abuse to an agency authorized to investigate such.

This will be reported by the school district in accordance with the Statutes of the State of Indiana.

COLLEGE VISIT DAYS

Sophomores, juniors and seniors may take up to four individual college/military days during these three years. They may take four days total during their sophomore, junior and senior year. Additional days requested require a meeting with administration. Students requesting college visit days must follow this procedure in order to be granted a college visit by the attendance office:

1. At least 2-3 weeks before your visit, contact the college admissions office and set up an appointment.
2. AT LEAST ONE WEEK (5 SCHOOL DAYS) before your college visit appointment, bring in a note from your parents to the **attendance office administrative assistant**.
3. You will be given a College Visit Form to take to every teacher for their signature. Each teacher, if they approve you going, will indicate when your make-up work is due.
4. When you have all your teacher signatures, return the form to the attendance office for verification
5. At the college visit, please have a college official sign your form and then the student is to fill in the bottom of the College Visit Form with your impressions of your visit and return it to the attendance office. This information will become part of your career file.
6. No visitation days will be granted during the last 5 days of any trimester.
7. Failing to follow the above procedure will result in an unexcused absence or truancy.
8. Students must have the attendance department clearance not to be counted absent

Wawasee Community School Corporation Technology Responsible Use Policy

The Purpose of this policy is to set forth the guidelines and expectations for the responsible use of technology by students, staff and teachers in order to provide a safe, appropriate and effective learning environment for all at Wawasee Community School Corporation.

In order to achieve this purpose, we understand that both the individuals using technology and the School have certain responsibilities.

For the Individuals Using Technology

1. We expect the exercise of personal integrity and responsibility.
2. We expect students to master certain social-emotional skills in order to maintain ethical use of such technology.
3. We expect students to avoid device activities which interfere with the learning process.

For the School

1. The School will provide a social-emotional curriculum based on stages of human development to guide the implementation of our technology program.
2. Our goals are (a) to provide access to educational tools, resources, and communication and (b) to encourage innovation and collaboration.
3. Our policies are intended to promote the most effective, safe, productive and instructionally sound uses of these tools.

Expectations & Rules

Responsible use of WCSC's technology resources is ethical, respectful, academically honest and supportive of the school's mission. Some activities are expressly prohibited by law; other activities are inappropriate as defined by the administration of the school. The following rules are intended to clarify expectations for conduct, but should not be construed as all-inclusive, as we cannot outline every possible permutation of student behavior with technology. We require students to use technology in accordance with general expectations for appropriate student behavior as outlined in this document and the Warrior Way.

Violating any portion of this agreement may result in disciplinary review, including possible suspension or expulsion from WCSC and/or legal action. WCSC will cooperate fully with law enforcement officials in any investigation related to any potentially illegal activities conducted through our network. The school reserves the right to apply disciplinary consequences for device-related activities conducted off-campus if such activity adversely affects the safety or well-being of students or other members of our community or constitutes behavior embarrassing to the school.

Online Behavior

- I understand that as a member of the WCSC community, my actions could reflect on the school. In all of my online communication, I will be respectful and polite. This includes, but is not limited to: email, chat, instant-messaging, texting, gaming and social networking sites.
- If I am uncertain whether a specific device activity is permitted or appropriate, I will ask a teacher, parent or the technology department before engaging in that activity.

Privacy

- I will not share any of my passwords with anyone or use anyone else's passwords. If I become aware of another individual's password, I will inform that person or a member of the technology staff.
- I will be ethical and respect the privacy of others throughout the WCSC network and internet and will not share or access others' folders, files or data without authorization.

When an office referral is made, the teacher should complete a disciplinary form.

SUSPENSION PROCEDURE BY PRINCIPAL OR DESIGNEE

1. The term "suspension" means any disciplinary action whereby a student is separated from school for a period of ten (10) days or less, and which does not constitute an expulsion or exclusion.
2. Any Principal may deny a student the right to attend school or to take part in any school function for a period of ten (10) days or less.
3. The Principal may suspend a student only after the Principal or his/her designee has made an investigation and has determined that such suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes. The procedural requirements that a principal or designee must follow is suspending a student for 10 days or less appear in I.C. 20-33-8-18, and consist of the following:
 - a. A meeting where the student is entitled to:
 1. a written or oral statement of the charges
 2. a summary of the evidence against the student, if the charges are denied; and
 3. an opportunity to explain the student's conduct; and
 - b. A written statement to the parent following the suspension that describes:
 1. the student's misconduct; and
 2. the action taken. Only if the nature of the misconduct requires immediate removal can this procedure occur following the actual separation from school attendance, and it must be done as soon as reasonably possible after immediate removal. Prior to any suspension, the student must be given oral or written notice of the charges against him or her and, if the student denies them, an explanation of evidence the school has and an opportunity to present his

or her side of the story. There need be no delay between the time "notice" is given and the time of hearing. Students whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process may be immediately removed from school. However, in such cases, a notice of the charges and suspension proceedings shall be sent to the student and the parents within 24 hours, or such additional time as is reasonably necessary, and a hearing is required to be held, with the student present. At such hearing, which should be held as soon as possible after suspension, statements in support of the charge must be produced, and the student and others be permitted to make statement in defense of mitigation.

3. Within twenty-four (24) hours, or such additional time as is reasonably necessary, following any suspension, the Principal must complete and send the "Notice of Student's Suspension" to the student's parents, and send a copy to the Superintendent of Schools, and keep one for the school file.
4. The Principal shall make a reasonable effort to hold a conference with the parent before or at the time student returns to school.
5. Suspensions (out-of-school only) include all extracurricular and school-sponsored activities including athletics. The suspension begins at the time that the Principal or his designee meets with the student and notifies them of the suspension. The suspension ends midnight of the last day of suspension. On the occasion where the suspension includes the weekends and vacations the student is not to participate during these days.

DOG SEARCH POLICY

School administrators may use dogs trained to detect contraband to conduct random searches for contraband in student lockers, other common areas of school buildings, and vehicles parked on school grounds in middle and high schools. A qualified and authorized trainer and a school administrator shall accompany the dogs. If a dog indicates that contraband is present on school property, school administrators can conduct a further search.

DRESS AND GROOMING

The administration and staff at Wawasee High School feel that dress and grooming influences the attitude and behavior of the members of the student body. With the cooperation of the parents, the school will continue to encourage all students to dress in a fashion that the staff and administration judge to reflect good taste and a style appropriate for a school day. IF A STYLE OF DRESS OR GROOMING APPEARS TO BE DISRUPTIVE TO THE EDUCATIONAL PROCESS OR COULD CONSTITUTE A THREAT TO THE SAFETY OR HEALTH OF STUDENTS, IT WILL NOT BE PERMITTED IN SCHOOL; AND TEACHERS SHOULD REPORT THESE STUDENTS TO THE ADMINISTRATION FOR APPROPRIATE ACTION.

The following examples are offered as guidelines to the parents and students:

1. Students must wear clothes that appropriately cover the body. The following items are specifically not allowed: net and see-through shirts, short shorts, bicycle pants and inappropriate tears in clothing. Tops must cover the shoulders with no open backs or spaghetti straps. The shoulder is defined as the part of the body extending from the base of the neck to the joint connecting the arm to the body. The bottom of the shirt must reach below the belt line to prevent bare midriffs and no cleavage should be visible. Students wearing tights or leggings must wear a garment that is fingertip length.
2. Students may not wear clothes that may be offensive to the standards of W.H.S. and clothing which displays profanity, sexual connotations, ethnic or racial slurs/superiority, alcohol, tobacco, violence or drugs.
3. Students are expected to be clean, neat and well-mannered in their dress and behavior.
4. Shorts and skirts are permitted if they extend down the leg past the end of the fingertips extended when arms are dropped to the side. Clothing must rest naturally at the hip to insure that undergarments are not visible in the standing or sitting position.
5. Jackets, coats, hats, gloves and other forms of outerwear are not to be worn in the buildings. Hoods on sweatshirts are to remain off the head. Special dress-up days for homecoming and senior week may include the wearing of hats.
6. Beachwear and sleepwear such as flannel pajama pants are inappropriate.
7. Shoes that cover the soles of the feet must be worn at all times. Some classes may require that the entire foot be covered.
8. As a rule, younger elementary students may be permitted to wear clothing, which would be considered offensive at a later age and physical maturity.
9. Bandannas and headpieces, other than barrettes, are not to be worn during the school day.
10. The final decisions of dress are up to the administration.

Within these provisions the basic responsibility for dress and grooming shall be left up to the parents of the students. The administration will decide consequences for violating the above guidelines.

FOREIGN EXCHANGE STUDENT POLICY

Any prospective host families who live in the Wawasee Corporation need to call a school administrator in order to seek prior approval for a foreign exchange student to attend. Host families must agree to accept all responsibilities for the actions/behavior/needs of the exchange student. If the student is not part of a DPI-approved program, host families must seek full DPI approval before requesting school attendance. Wawasee High School will keep the number of foreign exchange students to 5-8.

Eligible foreign exchange students shall be expected to take courses such as Government/Economics, U.S. History, American Literature, and other elective classes. Students are encouraged to participate in extracurricular activities, athletics, and clubs as they prefer. Athletes must meet IHSAA standards and regulations.

The cumulative GPA for exchange students will only be for the attending year; a copy of the year's transcript will be supplied to their home school or any college upon request.

Foreign exchange students are not eligible for Wawasee Academic Hall of Fame; an Indiana honors Diploma, National Honor Society,

Valedictorian, Salutatorian, Graduating with Distinction, or other GPA-related honors. They will be eligible for HIT and Honor Roll if they qualify.

No provisions are made to pay for non-curricular items, such as class ring, senior pictures, announcements, or yearbook.

FUND RAISING

All fund raising conducted on school grounds and/or at school related events must be approved in advance by the building administration. To secure permission, the "Wawasee High School Fundraising Application" form must be completed 30 days in advance of the proposed event/activity. Proposed dates cannot conflict with school/program fundraisers already approved for the current school year. A list of these fundraisers will be available in the Main Office on the last day of August. Fund Raising Application forms are available in the Main Office. The following information must be detailed on the form:

1. Name of organization seeking to raise funds
2. Purpose of the fund raising event

*This person must agree to be responsible for coordinating the necessary advanced planning with students, making all of the necessary arrangements involved with the proposed event/activity and serve as a liaison with the administration.

Fundraising applications are considered on a case by case basis. Generally speaking, the purpose of fund raising activities should focus on specific school needs and/or philanthropic efforts that are clearly representative of the desires of the student body. Requests should not be submitted to fulfill the obligations of other organizations. Difficult economic times notwithstanding, the school has an obligation to shield the student body from excessive requests for funds.

GRADE CHANGES AND INCOMPLETES

Teachers should consult with student's counselor about any incomplete for a trimester grade. If a 6-weeks or trimester incomplete is not changed to a grade within two weeks, then it will become an F. If exceptions need to be made, teachers should consult with a counselor.

GRADING POLICY

Wawasee High School uses an A-B-C-D-F grading system. This is figured on a 12-point scale. A plus or minus may be used with any grade. An "I" can be given if work is incomplete. Incomplete work must be completed by the end of the second week of the following grading period or the final grade will be recorded with the incomplete work being figured as a 0. An "incomplete" may not be given at the end of the school year.

Wawasee High School believes that a consistent policy in figuring grades is important from class to class. We also understand that using a variety of ways to assess student learning is right and important. Always assessing student work with a percentage grading scale is not possible. But, when percentages are possible we will be using the following grading scale:

A+	99.5-100	C+	77.5-79.4
A	91.5-99.4	C	71.5-77.4
A-	89.5-91.4	C-	69.5-71.4
B+	87.5-89.4	D+	67.5-69.4
B	81.5-87.4	D	61.5-67.4
B-	79.5-81.4	F	0-59.4

All grades that are recorded on the student's permanent record are the trimester ending grades. These are often figured differently, depending upon the nature of the subject and the activities taking place during the semester. Some classes lend themselves to comprehensive exams and others do not. Teachers may figure trimester grades by using a continuous grading method or by averaging the two six week grades together. When the latter is done, percentages will be used. Trimester exams will be given whatever weight the instructor deems reasonable. All teachers are required to make it clear to students how they will be assessed and have it in their course syllabus. All like courses in any department will use the same process in evaluating student work. So that students and parents can keep up with student progress, grades will be posted on the WHS Skyward Portal at least weekly. Those grades are subject to change and do not necessarily reflect final class standing.

Grading Conversion System

	<u>12.0 point scale (W.H.S)</u>	<u>4 point scale</u>
A+	12.0	4.33
A	11.0	4.0
A	10.0	3.67
B+	9.0	3.33
B	8.0	3.00
B-	7.0	2.67
C+	6.0	2.33
C	5.0	2.00
C-	4.0	1.67
D+	3.0	1.33
D	2.0	1.00

D-	1.0	.67
F	0.0	00

Grades which are not used to figure G.P.A. include:

- P(Pass) = Credit, but no honor points.
- Audit = No credit or honor points, grade shows on transcript.
- WD = No credit or honor points.
- NC = No credit
- PC = Pending Credit based on attendance.

HOMework

Work assigned to be done by students outside of class for credit is to be completed by those students.

HONOR ROLL

A student receiving all A's qualifies for the A honor roll. A student receiving all A's and B's qualifies for the regular honor roll.

eliminate fire or other hazards, to maintain sanitary conditions, to attempt to locate lost or stolen materials, and to prevent use of the locker to store prohibited or dangerous materials such as weapons, illegal drugs, or alcohol.

The consent form will be provided to each student at school registration.

Meningococcal Disease Information

A new Indiana requires each year that parents/guardians be informed "about meningococcal disease and its vaccine" (IC 20-30-5-18).

Meningococcal disease is a dangerous disease that can strike children and youth. The disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage, and limb amputations.

Symptoms of meningococcal disease often resemble the flu and can include a fever, headache, nausea, and stiff neck, making the disease difficult to diagnose. The bacteria that cause meningococcal diseases are transmitted through air droplets and by direct contact with an infected person. Fortunately, there is an immunization available and the U.S. Centers for Disease Control and Prevention recommends routine meningococcal immunizations at 11 to 12 years old. For teenagers, immunization is recommended at high school entry and incoming college freshman.

Please talk with your child's healthcare provider about meningococcal disease and vaccination.

INHALER USE PROTOCOL

For a student to carry an inhaler with them the following must be met:

1. Prescription medication form must be signed and dated by parent.
2. Physician's order must be signed, dated for current school year and submitted to the nurse.
3. Inhaler must be labeled with the student's name
4. Inhaler must be current - we will dispose of any outdated inhalers.
5. If the student participates in athletics and an inhaler is used, the student needs to supply the athletic trainer with all information pertaining to their inhaler use.
6. Under any circumstances students are not allowed to let another student use their inhaler.

Head Lice

Head lice rarely (if ever) cause direct harm, and they are not known to transmit disease from person-to-person. Thus, they should not be considered a medical or a public health problem. They are mainly acquired by direct head-to-head contact with an infested person's hair but may infrequently be transferred with shared combs, hats and other hair accessories. They do not jump or fly.

Our goal is to educate parents, staff and students regarding the scientific facts of head lice and to support and work closely with parents and their students who are found to have head lice. Parents are requested to focus on the education and proper treatment of their child should an incident of head lice occur. Parents are requested to notify the school nurse when head lice are found on their child.

It is our position that head lice should not disrupt a student's education or their school attendance. When the school nurse is made aware of live lice, she will address the situation with a parent contact and the use of an electronic lice comb. Our school nurses are a valuable resource to families, offering up-to-date head lice information.

PASS/FAIL POLICY

Pass-fail is an opportunity for students to enroll in unfamiliar but interesting areas of study where success might be questionable. If a student earns an "F", it will figure into their G.P.A as a zero (0) For example, a Math major taking an Art course that sounds interesting or music major taking an Industrial Technology or Home Economics course. It is also a means of continuing in an area of study where a student is experiencing difficulty. An example of this might be in Advanced Math after receiving rather low grades in Algebra II or a third year of a Foreign Language after not doing well in second year. Juniors and seniors may elect a maximum of two courses each year to be taken on a pass-fail basis. The classroom teacher should be notified of the intention during the first week of the course. After the first week of the course, application must be made to the classroom teacher after a conference with their counselor. The classroom teacher may initiate pass-fail anytime. Pass-fail does not apply to courses listed by the State of Indiana as graduation requirements such as

PERSONAL ELECTRONIC AND LISTENING DEVICES

WIRELESS COMMUNICATION DEVICES

(including cell phones, iPods, iPads, or any other electronic devices) The following guidelines for wireless devices are in line with the standards of Wawasee Board Policy:

Personal electronic devices, including but not limited to radios, cell phones, jam boxes, CD players, Game boys, DVD players, MP3's, I-Pods, etc., are not to be used during instructional times unless approval has been given.

Use of electronic devices in the classroom is at the sole discretion of each individual teacher. Teachers may confiscate devices if students violate the individual policy of the teacher.

Students may use electronic devices in the hallways and cafeteria before and after school, during lunch, and between classes.

Use of these devices outside of the classroom in common areas is permitted provided it does not interfere with the school purpose or disrupts the learning environment.

Using electronic devices to take pictures and record audio or video without permission could result in disciplinary action.

Students may not use electronic devices to bully or harass others.

Sexting is strictly prohibited and subject to criminal charges.

Students may use electronic devices on the bus at the discretion of the bus driver. Distracting behavior will not be tolerated.

Because of privacy concerns, electronic devices may not be used in restrooms or locker rooms.

No expectation of confidentiality will exist in the use of electronic devices on school property. The school has the right to view any image or text on a student's electronic device if there is reasonable suspicion that the student has violated the law or school rules.

The school does not take responsibility for damaged, missing or lost personally-owned devices.

At any time, a teacher or staff member may request electronic devices to be turned off and put away.

Possession and use of electronic devices is a privilege not a right. Students who violate any of these provisions may have their devices confiscated and delivered to the Assistant Principal's office.

Confiscated items will not be released to the student. Parents will be allowed to pick up any confiscated item in the attendance office.

It is recommended that students avoid bringing expensive devices to school to prevent loss, damage or theft. It is likely the school will not be able to recover lost property.

PUBLICATIONS

NEWSPAPER

This class is open to freshmen through seniors and can be taken for four years. The newspaper staff's main responsibility is the publication of Smoke Signals. Interested students must submit applications to the sponsor and should have some background in journalism or some skill and interest in writing.

Although class time is available for staff organization, classroom work and lab work, much of the interviewing, researching and writing are done individually outside of class. Some of the layout, headlining, art, photography and darkroom work is done under the supervision of the advisor and the editor after school.

YEARBOOK

The Wawasee High School yearbook, the Legend, is produced each year by students who meet daily during the scheduled school day and in return receive English credits for their work. These credits do not, however, fulfill the English requirements for graduation. The students strive to produce a yearbook that is an accurate and lasting record of the activities of the school year. The yearbook staff does all the work involved in the production of the book from soliciting advertisements, to sales, copy writing, layout design and photography. The course is open only to juniors and seniors who display an excellent sense of responsibility and show strong skills in grammar and composition.

Yearbooks are pre-sold to students in the summer during registration and again throughout the school year.

Harassment

Prohibited harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color, religious creed, national origin, disability, and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

RACIAL/SEXUAL HARASSMENT

Employees and students are prohibited from racial/sexually harassing other employees or students. In the case of racial/sexual harassment of a student or employee by a student, racial/sexual harassment means:

1. Any conduct of a racial/sexual nature by a student directed toward another student when (a.) such conduct has the obvious result of creating an intimidating, hostile, or offensive school environment for the other student or (b.) such conduct is continued by the student after the request of the other student to stop such conduct because it is intimidating, hostile, or offensive to the other student. The determination of whether the conduct of a student is intimidating, hostile, or offensive is to be made by the school administration.
2. Any racial/sexual advance by a student toward an employee, or an employee toward a student.
3. Any request by a student to an employee for sexual favors from the employee or an employee to a student.
4. Any conduct of a racial/sexual nature by a student directed toward an employee or an employee toward a student when such conduct has the purpose or effect on an employee/student of reasonable sensibilities, (a.) of creating an intimidating, hostile or offensive school environment for the employee/ student or (b.) of influencing either the student's grade or participating in any school-sponsored activity.

Racial/sexual harassment prohibited by this policy includes verbal or physical conduct. The terms intimidating, hostile or offensive as used above include conduct, which has the effect of humiliation, embarrassment or discomfort.

Complaints alleging a violation of this policy are solicited and must be brought to the attention of the appropriate school officials informally or through the appropriate grievance procedure. Caution must be exercised, however, to accurately state the facts giving rise to the complaint and to avoid groundless complaints. Violations of this policy will be reviewed by the Principal or his/her designee for appropriate disciplinary action.

RELEASE OF DIRECTORY INFORMATION

The school corporation may release certain "directory information," which means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed and which includes, but is not limited to the student's name, address, parents' names and their home and work telephone numbers, major field of study, participation in officially recognized activities and sports, height and weight of members of athletic teams, dates of attendance, awards received, motor vehicle description (including license plate number), hair and eye color, race, sex, date of birth, height, weight, grade level, and other similar information (including digital images), without consent to media organizations (including radio, television, and newspapers), colleges, civic or school-related organizations and state or local governmental agencies.

Parents of a student less than 18 years of age or of a student who is at least 18 years of age desiring to object to disclosure of any or certain of the categories of directory information should request FERPA Policy Form A (Denial of Permission to Release Certain Directory Information Without Prior Written Consent) from the Superintendent's office.

Senate Enrollment Act 224 requires all schools to release information to the Armed Services Agency. Anyone objecting to this release must file a FERPA Policy Form A by the end of their sophomore year.

An objecting parent or student may use Form A to deny consent for release of all directory information, or categories of directory information he/she does not wish released.

This statement serves notice to parents of their right to object to the release of directory information and that they have 14 calendar days from the beginning of the school year in which to file an objection.

RETAKING CLASSES ALREADY PASSED

Any student may choose to retake a class for a higher grade with Administrative approval. The transcript will always show the original class and first grade to show that this class was retaken. However, only the higher grade will be counted in figuring the overall grade point average. The lower grade will not. It is the responsibility of the student to work with his/her counselor when wanting to retake any class. Due to the law, credit for most classes can only be earned one time, so the higher grade earned will be awarded the credit. A student may not repeat a lower level class after moving on to the next level in the same sequence of courses, unless approved by Administration.

RETURNING TO SCHOOL

The Wawasee Community School Corporation Board of Trustees has adopted this policy which allows the administration to determine whether persons 18 or older will be allowed to register for classes at Wawasee High School. It further allows the withdrawal of such persons if they fail to make satisfactory progress in their studies as indicated below. Completion at The Center for Academic Progress will be the first consideration.

Students who have withdrawn from school are encouraged to return to school to complete their education; However, it is the responsibility of the school administration and attendance officers to determine whether a person 18 or older may return to continue his/her education.

A person 18 or older who has been expelled or withdrawn from school two times will not be considered for further attendance. Any person who re-enters school must be making satisfactory progress toward completion of his/her high school education. A person, who is a poor attendee, has behavior and discipline problem, or who is failing three or more classes will not be considered as making satisfactory progress.

SCSC management plans were submitted to the Indiana Department of Environmental management before May 9, 1989. A complete updated copy of a management plan for each school in the corporation is maintained in the central administrative office, and is available, during normal business hours, without cost or restriction to the public, including teachers, other school personnel and representatives, and parents. In addition, each school maintains in its administrative office a complete and updated copy of the management plan for that school. - A. Education Records: Education records consist of all official records, files, and data directly related to a student and maintained by the school. Such records encompass all the material kept in the student's cumulative folder and include general identifying data, records of attendance and of academic work completed, records of achievement, results of evaluative tests, health data, and disciplinary records. Education records are the property of the school corporation. Access to and correction of records is governed by this policy.
- B. Exclusions: Education records shall not include the following:

1. Data which relate to a student or groups of students but by which he or they cannot be identified, as, for example, by Social Security number, name, address, or names of relatives, such records generally being referred to as unidentifiable student records.
 2. Records kept in the sole possession of the maker and which are not accessible or revealed to other persons. Such records may include grade books, notes on student work, transcripts of interviews, counselors' notes and memory aids.

STUDENT DRIVING

Students driving vehicles to Wawasee High School must register and purchase a parking permit in the attendance office. This also includes students who ride bicycles, mopeds, etc.

Students must drive in a safe manner and park in designated areas according to the parking lane markers. Violations will result in loss of driving privileges, towing the student's vehicle from school-owned property at the student's expense and possible police referral.

During inclement weather, students are considered tardy if they arrive after the last school bus arrives. Improper parking will result in a detention. Continued parking infractions may result in suspension of driving privileges.

Wawasee High school will not be responsible for motor vehicles which are lost, stolen or damaged.

STUDENT USE OF BICYCLES

Wawasee regards the use of bicycles for travel to and from school by students as an assumption of responsibility of the part of those students; a responsibility in the care of property, in the observation of safety rules; and in the display of courtesy and consideration toward others.

Wawasee High School will not be responsible for bicycles which are lost, stolen, or damaged.

Wawasee High School shall develop administrative guidelines for the operation and/or parking of bicycles and shall disseminate those guidelines to all students so affected.

STUDENT PASSES

All students must have a pass to be out of any classroom and in the halls for any reason. If the pass is teacher initiated the student should have a regular school pass with them.

TORNADO DRILLS

Tornado Drills will be held once each spring and once each fall.

A tornado drill will be designated by an intermittent signal of either the fire alarm system or the bell system.

- A. Students are to move as directed, quickly and quietly.

- C. Students are to stay in line along the wall if directed to a hallway.

ATHLETICS/EXTRACURRICULARS/CO-CURRICULAR

CONFLICT POLICY

Wawasee High School believes that it is important that students participate in a wide range of school sponsored activities. Expanding extracurricular and co-curricular programs has allowed the opportunity for scheduling conflicts to occur. By providing clearly defined guidelines, staff members, students, and parents will be able to communicate with each other in an atmosphere of fairness and consistency. The purpose of the following guidelines is to bring about this atmosphere. The following basic guidelines will be used in determining appropriate resolutions to conflicting performance schedules:

- A. Scheduled State Athletic Association Tournaments and State Association Division of Student Activities Contests, including travel time, shall have preference. If a conflict exists between two of these types of activities, the student shall make the choice without penalty.
- B. Regularly scheduled games and major performances beyond item A shall be second priority. If a conflict exists between two of these activities, sponsors and coaches should attempt to work out a compromise. If they cannot do this, and the conflict still exists between the two activities, the student shall make the choice without penalty.
- C. Regularly scheduled games, performances and activities will take precedence over practices.
- D. If the above does not cover the conflict, sponsors and coaches should attempt to work out a compromise so that students should not suffer repercussions in the event they do not attend, other than the lost opportunity to participate.

ATHLETIC CODE OF CONDUCT (ACC) ENFORCEMENT

The Wawasee High School Athletic Department shall enforce all rules and regulations described in the student handbook and the Athletic Code of Conduct (ACC) as adopted by the WSC BOE. Individual teams may have special rules for their particular sport if approved by the A.D. to be in compliance with and proposed in the spirit of the ACC. The WHS ACC will be enforced 12 months per year, not just during an athlete's playing season. An athlete comes under the jurisdiction of this code upon their first day of attendance as a new WHS student. Any violation becomes part of a student-athlete's disciplinary file and subsequent infractions will be treated with harsher penalties.

It is a great privilege to be a Wawasee athlete. Expectations of positive behavior and academic accountability come with this privilege. Failure to meet such expectations may result in the loss of privileges by the athlete during a specified time period. It is expected that this time will serve as a learning experience and the athlete will come back a better person and student having gone through the disciplinary experience. If not, a permanent loss of privileges may eventually result.

Note: The ACC is constantly reviewed by all administration and changes and additions are made yearly. However, an athlete that is rendered a punishment or suspension will serve the entire length of such as originally prescribed in the ACC at the time of their incident. Even if there is a later change made to that rule affecting length of time served, such changes only affect incidents that follow, not precede, such changes. Punishments and suspensions will not be grandfathered in or altered once an athlete has begun serving them without special permission from the WHS A.D.

CHEERLEADING

Cheerleading for either girls or boys is not currently an IHSAA sponsored sport. However, WHS cheer teams are all funded by and under the guidance of the Athletic Dept. Therefore, all cheer participants will be considered athletes subject to the same rules and awards as our other athletes under the guidelines of the ACC.

GENERAL EXPECTATIONS

Athletes shall be governed by local/state/federal laws, IHSAA regulations, the WHS student handbook, team rules set by each head coach, and the rules of this Athletic Code of Conduct. Athletes must complete all required paperwork before they will be allowed to practice.

An athlete is eligible to compete unless they turn the age of 20 prior to the scheduled date of the IHSAA state finals in their competing sport. Boys may not participate on girls' teams. Athletes must have participated in 10 full practices before they are allowed to play in a sport.

If an athlete immediately starts a new sport after having completed another, they need to only participate in 5 practices before being allowed to compete.

EXPECTATIONS OF CONDUCT

WHS athletes represent their team, school, family, and community both on and off the playing field. We have high expectations of the type of behavior we expect our athletes to display as role models of the traits of the Warrior Way. Any type of behavior which might threaten the image of WHS athletics such as displays of poor sportsmanship, illegal acts, disrespectful or disruptive behavior in the classroom, or behavior that threatens individuals in any manner or the chemistry of the team will be dealt with immediately by coaches and athletic administration. Discipline measures for such actions, whether or not specifically referred to in this ACC, can range from warnings to temporary or permanent suspension.

SUBSTANCE ABUSE

Athletes shall not knowingly possess, use, transmit, or be under the influence of alcohol in any form or mixture. The same is true of any drugs considered illegal without prescription in the state of Indiana. Such drugs include, but are not limited to, narcotics, mind altering

substances, stimulants, depressants, steroids, and marijuana. The possession of any paraphernalia which could possibly be used to partake in illegal drugs shall also constitute a violation.

An athlete is responsible to know that at parties or other such social events certain banned substances, especially alcohol, are often mixed within other legal substances or liquids. Often the banned substance is not visible to the eye or noticeable to other senses when taken. Ignorance that banned substances have been premixed into legal substances is not an excuse to partake. Athletes are accountable to know that the mixing of legal and banned substances is common in such social settings and so they should be certain of the purity of any food and/or liquid before partaking in it.

The use of tobacco or nicotine products in any form or through any device, including vape pens or similar products prohibited by WHS, or the possession of such products or devices, is also prohibited by the ACC.

Over-the-counter drugs, PEDs, animal substances, food additives, hunger suppressants, muscle enhancers, and prescription drugs are examples of substances which can be possibly used in some manner for the clear purpose of enhancing physical performance. Use of such may give an unfair advantage to the user during competition which goes against the spirit of fair play as recognized by both WHS and the IHSA. Therefore, any type of substances purposely misused in any manner to gain an unnatural and meaningful physical or mental advantage as a sport participant or to qualify for competition is considered an ACC violation. It is also illegal for an athlete to use oxygen for recovery or endurance during competition.

DRUG TESTING

Any athlete may be subjected to random drug testing throughout the school year as part of methods used to detect illegal consumption of many illegal or banned substances. If selected, the athlete will be given ample time to produce a sample for testing. Refusal to participate in testing without permission from administration will be considered an assumption of guilt resulting in automatic penalties. Positive results will lead to automatic penalties unless the athlete can show medical or other proof to satisfactorily explain why the result is in error.

SOCIAL FUNCTIONS

If an athlete is attending a social function where illegal activity or the use of banned substances is allowed, and they should have reasonably been aware of such, it is expected that the athlete make every reasonable effort to leave the premises immediately. If they have no transportation to leave, they need to immediately communicate to a parent, coach, or other adult the need to come get them asap. Knowingly waiting to make such arrangements or remaining at the premises without effort to leave will result in the same consequences as consumption.

ACCUSATIONS OF WRONGDOING

If an athlete is seen consuming any amount of banned substances by a reliable and forthcoming eyewitness, that athlete shall be considered a violator of the ACC unless they can provide an alibi or clear proof refuting such reports. Athletic administration will make every effort to interview those involved to corroborate proof and make sure the athlete has a fair chance to defend themselves against all accusations. Athletic administration shall make the final judgment as to the validity of these accusations and any deserving punishments established by the ACC.

PENALTIES FOR SUBSTANCE ABUSE

First offense: **1/3** of the regular season and the athlete may not serve in official leadership capacities such as team captain or be eligible for the Warrior Way Award the year punishment is initialized. Athletes must still practice and attend all contests, but may not dress in uniform.

Second offense: **1/2** of the regular season and the athlete is not eligible for team awards or leadership positions. Student must also attend and satisfactorily complete a minimum of **4 treatment sessions** at the Bowen Center at the school's expense. The athlete may also meet 4 times with another licensed mental health service if approved by the A.D. and paid for by the athlete or an outside party. The athlete may not return to play until all treatment sessions are satisfactorily completed unless given special permission by the A.D.

Note: All unfinished penalties from one sport season roll over to the next season of participation that year or the following. Only regular and postseason contests shall count as games served for a suspension, while pre-season games, scrimmages, or jamborees shall not

count. Any games canceled due to inclement weather or other reasons shall count towards time served and will not have to be made up by the athlete.

Third offense: Athlete is suspended from all sports participation, including practice/managerial duties/bench attendance, for **one calendar year**.

Fourth offense: **Permanent loss** of privilege to participate on or be connected in any capacity with a WHS athletic team or cheer squad the remainder of their high school career.

COMPASSION CLAUSE

Any athlete who feels they have developed a chemical dependency may be afforded compassion and a reduction in normal penalties if they seek help from school or athletic administration clearly prior to an active investigation. This clause may be invoked only once in an athlete's four-year career and may not be used to avoid forthcoming investigations or penalties. Administration shall decide what course of action shall be taken to help the athlete overcome their dependency and what, if any, penalties must be served before returning to competition.

ACTS AGAINST THE LAW

Any athlete who is found guilty of committing an act against the law such as vandalism, theft, misdemeanors, or felonies can possibly serve athletic sanctions if deemed appropriate and worthy. However, because illegal acts can vary so much in severity and damage, it is very difficult to categorize all such possible acts and resulting penalties in this code. Therefore, judgment will be considered on an individual basis and appropriate and consistent punishment shall be rendered by school and athletic administration. Penalties can range from a warning up to temporary or permanent suspension from athletic participation.

INFRACTIONS NOT ADDRESSED IN THE CODE

The ACC is a flexible document which can be altered as a last resort if deemed absolutely necessary by school officials because of unpredictable circumstances. Other acts not listed in the code but deemed as obvious infractions or undesired behavior will be reviewed by either coaches or school and athletic administration depending on their severity. Discipline measures can still be extended for such infractions not already covered by the ACC. Penalties for actions not addressed in the ACC can range from a warning up to temporary or permanent suspension.

ACADEMIC ELIGIBILITY

To be academically eligible an athlete must meet 2 important criteria set by the IHSA:

- A. A student other than incoming 9th graders, must have been enrolled in and passed at least 4 full credits (some classes count as 2 credits) the last grading term **prior** to their season.
- B. All students must be enrolled in at least 4 full credits **during** the entire grading term(s) of their sport season.

If a student receives a final grade before the end of a grading period or drops a class, the student may not count that credit towards eligibility- they must be enrolled the entire grading term. Study hall does not count as a class. Credit recovery classes do count if the student is enrolled the entire term. Classes taken in the summer can be used as makeup for missed credit from the 3rd trimester only and can make an academically ineligible athlete then eligible for next fall.

Grade checks will be done twice each grading period at:

For purposes of determining athletic eligibility, the Athletic Department will recognize two 6-week grading periods per trimester. The first 6-week grading period will extend from the start of a trimester until midterm, and the second 6-week period will extend from midterm until the end of that same trimester. Athletes must be passing at least 4 credits or their equivalent at the end of one grading period to be eligible to play the next. Grade checks shall be done and an athlete may either lose or regain eligibility at the end of either 6-week grading period each trimester. Their eligibility status shall remain such the entire next 6-week grading period. Full eligibility status will be determined by the last 6-week grading period of the spring trimester for all athletes except incoming 9th graders. Academically ineligible athletes may not participate the entire next grading period. The coach may allow that athlete to continue to practice with the team and attend games, but not in uniform, if they are still passing 3 credits. If they are passing fewer than 3 credits, that athlete may no longer be with the team until they regain full eligibility. If a student is academically ineligible at the conclusion of a season, they will forfeit all letters, points, and awards.

INCOMPLETES

Incomplete grades may be given by teachers if they feel circumstances warrant such for excused absences, medical reasons, personal issues, etc. Incompletes are intended to give students time to make up work missed for legitimate reasons, not to improve low grades due to a lack of effort. If an athlete is given an incomplete grade at mid or end of term, they have 5 school days to make up that work for athletic eligibility.

HOME SCHOOLED STUDENTS

Students who live within the boundaries of the WCS district but who are homeschooled may still be eligible to compete in sports/cheer for WHS if they meet the following requirements:

- A. They are enrolled in and attend at least 1 credit course at WHS each trimester.
- B. They are enrolled in at least 3 other credits at home each trimester and can show proof of such courses if requested by the IHSAA.
- C. They meet all other requirements to participate as mandated by WHS and the IHSAA.
- D. They try out for a team and are selected for the roster in the same manner as any other WHS student. If they make the team, they are considered a full member of the team under the same expectations as any other player and eligible for the same awards.

FOREIGN EXCHANGE STUDENTS

Foreign exchange students who attend WHS are also eligible to participate in sports/cheer during their stay. However, they must already be living with their sponsors at the time of tryouts if they wish to participate in a fall sport. A coach is not mandated to give them a special tryout should they not report to practice on the start date. They must meet all other WHS and IHSAA requirements for participation as do career students of WHS, including being selected to the team.

TRANSFER STUDENTS

Any athlete who moves here from another high school must follow strict IHSAA transfer guidelines in order to compete in WHS sports. The athlete must be clearly moving here for non-athletic reasons and reside with a parent within WCS boundaries unless they are emancipated. They may not compete in any contests until they receive IHSAA eligibility. The eligibility process begins in the WHS Athletic Office.

The school they left must agree that the athlete is not transferring here for athletic reasons and sign-off on the transfer form stating such. If not, they will likely receive "partial eligibility" status by the IHSAA which means they must compete at WHS for one year only on teams below the varsity level. They cannot play varsity or the team will forfeit games. It is illegal for a transfer to have ever played on a non-school sponsored team that was coached by or have any other "past link" with any member of the WHS athletic staff before moving to our district. Ineligibility at a previous school follows a student who transfers to WHS. Any suspensions or punishments not yet completed from their preceding school must be continued and finished here before participation is allowed.

They must be academically eligible and fill out all required paperwork before participating here. If they arrive at WHS after a sport season has started, they may request a tryout for the team, but the coach is not obligated to give them one and risk upsetting team chemistry with the season already under way.

ATTENDANCE EXPECTATIONS

An athlete is expected to be in school the entire day to participate in practice or a game unless they are absent for reasons deemed excused by the student handbook. Students are held accountable to give notice that they are going to have an excused absence ahead of time whenever possible, and to use proper procedures to leave school for any reason. Athletes who miss or leave school without offering an excused reason are not allowed to practice or compete that day, or on a Saturday if they were unexcused or truant Friday.

A student who is ill and misses the morning may still participate that day if they arrive to school by 10:00 a.m. with an excuse from a doctor or parent. If they arrive or leave after 10:00 a.m. without an excuse, they are not allowed to participate in practice or a game that day.

On the other hand, if students missed school and/or practice one day because of an illness or another excused absence, they are still allowed to participate in contests the next day. Athletes are only forced to miss games or practices because of unexcused absences and truancy.

INJURY TREATMENT

WHS does offer a trainer whose job it is to help diagnose, treat, and rehabilitate common injuries for no charge to the athlete. Athletes are encouraged to report injuries to the trainer and allow that person to diagnose the severity of the injury and whether it should be treated by them or by a physician. Athletes should never try to hide injuries, especially head injuries, in hopes that they can continue to play through it and the injury will heal itself. This can lead to a worsening of the injury, long term health consequences, and even more lost playing time.

Both trainers and physicians will have the final word on when an athlete is ready to return to play and at what capacity following an injury. Any recommended treatment or a release to play from a physician should be provided to the Athletic Dept. in written form and include the date and the physician's signature. Know that even though a release is given by a doctor to return to play, the trainer may require the athlete to satisfactorily complete certain qualifying steps before allowing a full return to action.

If an athlete is at a practice or game where emergency treatment is required, the school will seek to notify the parents immediately if they are not in attendance. The school reserves the right to determine that immediate medical treatment is necessary and possibly transport the injured athlete to emergency facilities if the parent is not present and time is of the essence. It is very important that the Athletic Department has accurate and updated contact and insurance information in any such case.

RETURNING AFTER INJURY OR ILLNESS

If an athlete misses an extended amount of time due to illness, injury, or personal reasons they may need to complete a certain number of practices before being allowed to compete again.

Any athlete absent 5 or more consecutive school days for any reason must present a written release to return to play note from a physician to the Athletic Dept. If the athlete missed 5-10 school days they must get in 4 regular practices before returning to play. If they miss more than 10 consecutive days, then 6 practices are required before competing again.

INSURANCE COVERAGE

Sport related physical injuries can be very costly to treat and rehabilitate. More serious injuries must be treated by a doctor or hospital and the athlete's family must be able to provide payment for such treatment, including emergency transportation. Neither WHS or the IHSA covers the cost of treatment or the transportation to treatment from injuries that occur during athletic competition.

While not mandatory, if an athlete is not already covered by a parent or guardian's health insurance plan, they are strongly encouraged to purchase a plan just for athletic participation. For those who qualify, fairly inexpensive health insurance can also be purchased just for sport participants through state sponsored health insurance. The Athletic Dept. can direct families on how to apply for either policy.

TRANSPORTATION ISSUES

WCS provides transportation to all scheduled away contests for participating WHS teams either on school buses or on 15 passenger mini buses. Coaches often drive the mini buses to save the corporation on costs. All coaches go through mandatory special training before being allowed to drive athletes on buses. Athletes are expected to behave on school provided transportation in a manner that ensures safety and allows for mental focus as part of game preparation. Any athlete who is not cooperative in this manner could serve disciplinary consequences.

It is expected that all athletes and managers will be riding school provided transportation both to and from away contests. Such trips provide part of the game day experience and are viewed as more than just a mode of transportation. Because of safety and liability concerns it is strongly encouraged that athletes ride in both directions to such contests on school provided rather than on private transportation. However, using private transportation to carry athletes may be granted with special permission from both the coach and AD. Such requests should be made clearly for a good reason, be made periodically and not regularly without special cause, and made in writing at least 1 day before the event if possible. It must be clearly stated on the request who will be transporting the athlete as only a parent is normally permitted to do so.

If such permission is granted, the athlete must travel with only a parent(s) for liability reasons. The athlete will not be allowed to transport themselves even if of legal age. If the athlete does ride with someone else other than who they were given permission to go with by the AD, the athlete could face disciplinary measures and lose similar privileges for the future.

There are times when practices must be held at facilities off the WHS campus. In such cases, athletes may have to transport themselves in some manner right after school from WHS to the off-campus site. It is expected that athletes are obviously legal to drive and drive in a safe manner when they do so as traffic is often extremely heavy that part of the day and weather may affect road conditions. Should one athlete transport other athletes, it is expected that the parents of such passengers are aware of and have clearly expressed permission to their children to be passengers of that driver. Any drivers who are judged to not be driving in a safe manner in such instances may be disciplined and even lose this privilege of self-transportation.

DEFINITION OF "ATHLETIC SEASON"

An athletic season is defined as commencing with the first practice and ending with the final scheduled contest, including possible post-season tournaments.

DEFINITION OF A "PRACTICE"

Rules often require that a certain number of practices must take place prior to allowing game participation. Practice is a pre-planned activity where drill work or other types of simulated game-playing activities take place with the use of sport related equipment. Practices must be supervised by a member of that sport's coaching staff and instruction should occur. While the highest levels of exertion need not take place, especially by injured athletes, some obvious effort and movement must occur in order to perform the activities.

The practice session must be announced at least a day in advance to those taking part and should take place on a regular field of play. An injured athlete should be healthy enough to take part in at least half of the scheduled activities at minimized speed. The practice must be of reasonable and appropriate length. All activities performed during the course of 24 hours count only as one total practice.

Activities that in and by themselves would NOT be considered a practice include: team walk-throughs, pregame warm-ups, trainer supervised rehab activities, weight training or use of exercise machines, assisting as an aid to others in drills, film review, scouting meetings, individual meetings with coaching staff, traveling with the team, and practice/game observation. Any questions as to the validity of practice activities will be decided by the A.D. after consultation with the coach and trainer.

PRACTICE REGULATIONS

Communication is an important aspect of practice regulations. Athletes are expected to attend all practices unless they have a valid excuse. If they cannot attend, athletes need to notify their coach asap, preferably ahead of time, so coaches can prepare accordingly. Each coach will set and make clear the practice policy for their sport and the consequences for not meeting such policy. Coaches are expected to make athletes well aware of practice schedules and changes as far ahead of time as possible and coaches should also make every attempt to adhere to such schedules whenever possible. Scheduling and attendance expectations should be a major point of discussion at all parent meetings.

All athletic practices are considered "closed" without permission to anyone except coaches, athletes, and corporation administration. Coaches may open practices to others at their own discretion. It is advised that coaches hold at least one open practice per season for parents. Practices on days school is canceled due to weather may be scheduled with permission from WCS administration. Attendance at practice on days school is canceled or released early is completely voluntary and the safety of the athlete during travel should be of paramount importance when deciding if athletes should attend.

VACATION POLICY

The Athletic Dept. attempts to walk a fine line between recognizing the need for family time and the need to maintain team dedication and continuity during corporation scheduled breaks. Therefore, no contests are scheduled over spring break and a clear effort is made to minimize the scheduling of contests over Christmas break. Practices may be held during all corporation scheduled breaks, but only voluntary practices may be held during spring break to give our many multi-sport athletes a break if desired late in the school year.

If athletes give clear and reasonable notice before the intended date(s) that they will be gone during a school break because of a family vacation or attending a holiday gathering, no discrimination or penalty should be given for missing. Yet, it is recognized that there is also a need to be fair to those who do attend those same practices to ensure their efforts count for something. So, if an athlete does miss any mandatory practices for any reason, especially for an extended amount of time, it should be understood that this may result in required makeup of missed conditioning as well as possible changes of roles and playing time. This is the difficult balancing act our coaches are asked to make and which hopefully is recognized by everyone.

SUMMER PARTICIPATION

Like they do with practice scheduling during the school year, coaches walk a fine line in the summer with trying to give players time off while also getting ready for the upcoming season. Because of this, the IHSA mandates a “moratorium” during the whole week of July 4th where coaches may have no contact with athletes and facilities are closed to all returning athletes.

Team workouts may be held during the other weeks of the summer, but all such workouts are considered voluntary. Athletes are encouraged to attend workouts whenever possible as the summer is important for both individual improvement and forming the foundation of team structure. It is hoped that coaches will work out summer practice schedules so that multi-sport athletes can attend a majority of workouts in every sport they are involved in if desired.

CUTTING POLICY

One of the main and most difficult duties of every coaching staff is to decide who will be members of their team. Because of numbers limitations, it may be necessary to make cuts at the beginning of the season when forming team rosters. Coaches also have the right to cut players during the course of the season because of behavior, attitude, or team chemistry issues they feel may be a detriment to the whole team.

Any student of WHS has the right to expect a fair opportunity to make a sports team. The coaches are hired because of their knowledge of the game and their ability to discern which athletes best fit that team's desired playing style and makeup. Tryouts should last more than one day and players should be informed individually if they do not make the team and what areas they can improve on for the future. Coaches will decide how many players will make up their squads each year to ensure the best opportunity to succeed that season as well as future ones.

DROPPING A SPORT

An important lesson that we hope WHS athletes learn is that once a commitment has been given to something, only extraordinary circumstances should lead to not fulfilling that commitment. So, it is expected that athletes should remain with their team the entire season in most cases and not quit the team without good cause. If problems or unhappiness occurs during the course of the season, players should first approach their coach themselves to discuss the situation face-to-face. Quitting should clearly be a last and unavoidable step.

Any student who does quit their team will forfeit their athletic award in that sport for that season. In addition, they will not be allowed to participate or train with another team until the season of the sport they dropped has completed. The only exception would be if there is mutual consent between the coaches of both sports to allow the athlete to move on to another team. Should an athlete quit a team and is removed from the roster, it is up to that coach as to whether they allow that athlete to try out for the team again in the future.

DUAL SPORT PARTICIPATION

Athletes may play two sports simultaneously in the same season if the conditions to do so are clearly spelled out and agreed upon by both coaches, the athlete, both parents, and the A.D. However, either coach can refuse to allow such participation which ends the process immediately.

It is recommended that a meeting is set up between all parties to closely review the schedule and commitments required by each coach so that there is clarity between all parties. It is encouraged that a written agreement is formed spelling out the agreement. The athlete would be eligible for individual awards and varsity letters in both sports, but may only earn points in one varsity sport per season towards a blanket award.

ATHLETIC EQUIPMENT

All athletic equipment and team clothing is the property of WHS Athletics and is issued to participants to be used and well taken care of for the duration of the season. It is understood that any clothing or equipment not kept at or cared for by WHS must be properly cleaned, cared for, and stored by the participant during the season. The participant is responsible for such property while it is in their possession.

Such equipment must be turned in at the close of the season by a date specified by the coach. If the equipment is lost or damaged in

any manner, the athlete is responsible for replacement costs. If the athlete does not turn in their equipment when required or in damaged condition, the athlete will be ineligible to participate in another sport or their diploma may be withheld until the matter is resolved with the Athletic Office.

SOCIAL MEDIA GUIDELINES

The use of social media can be a double edged sword. It can be a great tool for communication and socializing, and it can also tear apart team unity quicker than any other force if not used responsibly. So, it is imperative that athletes recognize the power of social media and the potentially negative images which can be portrayed about those associated with WHS athletics.

Anyone who represents WHS athletics is urged to use caution if they choose to participate in social networking. Improper behavior that violates either our Student Code of Conduct or the ACC could result in disciplinary action if deemed necessary by the coach or A.D., including dismissal from the team. Also, understand that freedom of speech is not unlimited. A person's or team's confidence, desire and trust can be irretrievably broken by social media postings- intended or not. To prevent this, it is suggested that athletes avoid the use of any comments, photos or videos that may:

- ✓ Show or condone alcohol, tobacco, or drug use by holding cups, cans, paraphernalia, etc.
- ✓ Use sexually suggestive comments, show links to sex websites, feature people in various stages of undress or suggestive poses, etc.
- ✓ Threatens the unity and chemistry of a team through critical comments of teammates or coaches regarding playing time, game decisions, individual stats, selfish play, etc.
- ✓ Discusses information that is sensitive or private in nature to an individual.
- ✓ Depicts or encourages unacceptable, violent or illegal activities of any type.
- ✓ Direct demeaning comments to a different gender, race, religion, or social group.
- ✓ Are unsportsmanlike, disparaging, or threaten another school's team or game officials.
- ✓ Divulges information that may put your team at a disadvantage if discovered by an opponent such as providing game plans, injuries, eligibility status, travel itineraries, etc.

PARTICIPATING ON AAU OR CLUB TEAMS

Participation on WHS sports teams should be the overriding goal of all our athletes and take precedence over participating on any non-school sponsored teams. However, we do allow participation on such outside sponsored teams as long as it is done in accordance with all IHSA rules, occurs entirely during the off-season, and the head coach knows of and approves of such participation.

Therefore, players should not participate on both a school team and another same sport team during the season and post-season tournament. While it is legal to participate on both a WHS team and a non-school team in a different sport, it is recommended that athletes do not do so and instead just focus on their in-season sport so as to avoid possible burnout or injury.

It is critical for athletes to know that if they do participate on a non-school sponsored team sport out-of-season that they strictly follow IHSA rules or risk in-season suspensions. Players may not play on a team coached by any current members of their sport's coaching staff. They also may not participate on that team if more than the following number of total returning athletes from their WHS sport play on this same team: Baseball- 5, Football- 6, Softball- 5, Soccer- 6, Basketball-3, and Volleyball- 3.

ACCEPTING AWARDS, PRIZES, AND GIFTS

Because athletes may often compete on non-school teams in the off-season, they may be eligible to earn awards and prizes. It is important that the athlete maintains their amateur status and not risk IHSA sanctions for accepting illegal benefits. While it is very difficult to list all the possible ways or conditions an athlete may violate their amateur status, the following inducements may be classified as unacceptable benefits by the IHSA: Athletes accepting cash, food, merchandise, gift certificates, or other tangible goods directly or indirectly for athletic participation in their particular sport or playing under assumed names. Athletes may not receive any share of gate receipts for games in which they participate.

Reasonable meals, lodging and transportation may be accepted, if accepted in service and not as a prize or payment. Reimbursement of expenses for non-school competition is allowable if it can be documented with receipts and does not exceed actual out-of-pocket expenses. Athletes may receive money for services rendered in a manner related to their sport such as having a job as a lifeguard, caddie, or camp counselor. Winning contests that involve athletic talent is permissible such as making a half-court shot at a game or

kicking a ball into a target. Students may also perform athletic feats for fundraisers if the fundraiser occurs outside an IHSAA contest and no money raised is given to the athlete. Winning a drawing or raffle at an athletic event is also acceptable if their standing or performance as an athlete did not in any way influence or improve their chances of winning. Any questions about accepting awards should be directed to the WHS A.D. or the IHSAA.

ATHLETIC PATCHES POLICY

Only varsity level achievements will be recognized with patches. Both individual and team accomplishments will be recognized each season with regular patches. Special “state” logo patches are also given for both individual and team state qualifiers and champions for each participation event. An athlete may receive no more than 3 patches in a single season without special permission from the A.D..

- Athletes must pay \$10 towards the cost of each patch. An order form must be submitted at the end of the season and patches must be prepaid before ordering.
- Only NLC athletic and academic, and IHSAA tournament accomplishments and state qualifiers/champions will be noted on patches.
- “Runner-up” designations, non-IHSAA tournaments and/or individual recognition (i.e. “all-area”, “all-tourney”, or “all-star”) will not be noted on patches.
- Sectional, regional, and semi-state accomplishments will appear on regular patches.
- Normally recognized and verifiable school and state athletic records can be placed on patches. Such records must first be approved by the A.D.
- All-state and all-American selections, and state and national record holders may appear on state patches if these awards are approved as worthy of jacket recognition by the AD.
- Any other special patch recognitions must be approved by the A.D. before ordering.

CHESS CLUB

Chess at Wawasee is open to everyone in the building. Chess skills are not required. We can teach you the game.

There are 3 different chess offerings. You can join all 3 or pick the one that best fits your schedule and your skill level.

Chess during Club Time: Every other week starting in October, students can go to a "club" after 2nd period. There's an A club schedule and a B club schedule. During A-club, beginning chess and team chess meets. If you are a beginner you can learn the basics during club A. If you already know how to play, join club B. Club B is for anyone who already knows the basics. Space is limited. To join either club, you need to pay Mrs. Baird \$2.00 for dues to be in this chess club.

Chess Practice after School: Chess Club during school doesn't happen often enough. If you want to play more often, you can play every Tuesday after school until 4:30. If you can't stay that late, you can leave early. There is no cost to play and no commitment. Come whenever you can make it.

Team Chess: Wawasee competes in area and regional tournaments on some Saturdays. Everyone is invited to join us in these tournaments regardless of your chess skills. We prefer that people win, but we also know that it's possible to play a good game and still lose. Even beginners are invited to join us in the tournaments. The tournament schedule is sporadic. There is often a \$5.00 fee to play and occasionally players need to be members of the US Chess Federation. Mrs. Baird will have info for you several weeks before each tournament. You can check the tournament schedule by going to: <http://www.scichess.org/>.
